

WHAT IS A ROLLOVER BOOKING?
HOW IT WORKS..
WHY THIS BENEFITS YOU..

WHAT IS A ROLLOVER BOOKING?

During each guest's stay, we offer them the opportunity to rebook their current dates for the following year.

This gives them the first right of refusal to secure the same property for their next stay. It's a great way to ensure repeat business and keep your property top-of-mind with returning guests!

However, there are times when guests may request longer stays, which can affect availability. When this happens, there is a possibility that the guest may not be able to rebook the exact unit they stayed in due to these extended requests. If this situation arises, rest assured that we will work hard to find a suitable alternative property for them.

WHY THIS BENEFITS YOU?

#1 Maximizes Occupancy:

By offering guests the opportunity to rebook, we help secure future bookings for your property, reducing vacancy and ensuring consistent revenue.

#2 Guest Loyalty:

Returning guests are more likely to book again, creating repeat business that's essential to your success
